

Benefits Counseling. *Another way MI-UCP is closing the disability divide.*

MI-UCP

Let's close the disability divide.

When Kristen needed pertinent information about work incentives that would ensure that she would not lose medical benefits, she turned to MI-UCP.

Benefits Counseling from MI-UCP helps Social Security beneficiaries to understand and use work incentives to start or return to work. Our employment team works individually with people who are currently working or seeking employment. Through the utilization of work incentives, counselors help them plan and build a more secure financial future.

The MI-UCP staff works with Employment Networks, Michigan Works One Stop Career Centers, local Michigan Rehabilitation Services (MRS) offices, Commission for the Blind, and other community agencies. We can help you to understand how working can affect those benefits.

At MI-UCP, we believe everyone has the right to live to the best of their abilities and go as far as their ambitions will take them. Now is the time to help Kristen, and more than a million other Michiganders, close the disability divide.
